### Remarks

Blue Dolphin offers a relaxing Caribbean lifestyle with its open inside/outside feel. The property commands the most breathtaking ocean view to the West and enjoys the sound of the waves gently lapping against the rocks below. Comprising two (2) swimming pools, this unique property sits close to the end of the point at Ft. Jeudy, a residential neighborhood governed by a Covenant and Residents Association. The property sits on over half an acre of oceanfront land and the garden boasts delicious Coconut trees, Avocado, Citrus and Banana. There is a delightful separate structure adjacent to the swimming pool which houses a bohemian style bedroom and bathroom with its own private wooden deck. Described as a "Den", this room off the living room is equipped with a full bathroom and could easily be converted to a fifth (5th) bedroom. The open plan kitchen/dining/living room together with the additional bar area lends itself ideally to entertaining family and friends on a sunset evening. Blue Dolphin is approximately 25 minutes from the International Airport, St. George's University and downtown St. George's.
