with a lovely view to the North/North-East of the lush green mountain tops of Grenada. It is steep in nature and enjoys cooling breezes from the East and a peek of the Atlantic ocean in the distance. A developing neighborhood with a good standard of housing close-by, utilities including electricity and water are already in place. There is access from both the top road and a newly constructed road at the bottom. Centrally located within a 20 minute radius of downtown St. George's and the International Airport.
