Remarks

Built in 2011, this three-storey property comprises three separate apartments. On the upper level with access through an electric gate at the top is a two-bedroom, two and a half bathroom open plan kitchen/dining/living area that opens out onto a neat veranda with a partial view of the Caribbean sea in the distance and the lush green mountainous terrain of Grenada to the North. The middle level comprises a three bedroom, one bathroom apartment and the lower level, a two bedroom, one bathroom apartment. A quiet residential neighborhood known as Beausejour Heights, this property has excellent earning potential and is well maintained. It is approximately 25 minutes from downtown St. George's. The garden enjoys fruit trees including Avocado, Coconut and Bananas.
