Remarks

This beautiful fertile land is flat & undulating in some parts. Nearly 2 acres of land. There is a dilapidated building where the exterior can be used and developed into a useful dwelling. The land is fertile with lots of cocoa, oranges, nutmeg, soursop, bananas and avocado trees. The land goes down to a ravine. This property has multipurpose use - both agriculture and residential. It is located in a nice quiet neighborhood. The access road is concrete paved, both electricity and water are in place. Great investment, with so much potential.
