Remarks

This amazing and unique property once owned by Sir Leo De Gale is truly special. Currently abandoned, it sits on the most magnificent area of land of over 4 acres that has a majestic entrance lined with mature Royal Palm Trees. Just outside the town of Grenville and perched high on a plateau, this property has huge potential and could be brought back to life. Also known as "The Cottage", it encompasses a panoramic view to the East/North East. Located in Dunfermline in the parish of St. Andrew, it is approximately 1 hour and 20 minutes from the International Airport and the capital of St. George's.
