Remarks

This architecturally designed property sits on waterfront land with over 300ft. of water frontage. Quiet and private in its nature, it sits at the end of the residential neighborhood known as Calivigny Harbour Development which sits between Ft. Jeudy and Westerhall Point. The garden is beautifully landscaped with tropical flowers and fruit trees and gently slopes to the waters edge. A jetty made out of solid green-heart wood is already in place for water enthusiasts who may want to kayak around the bay. On the upper level, the property comprises an open plan kitchen/dining/living room that opens out onto the veranda with the most enchanting view of the Harbour. A beautiful purple heart staircase leads you to the lower level where there are two additional bedrooms with en-suite bathrooms, a den with fully equipped pool table, other games and laundry room. A cascading hand crafted Riverstone waterfall and outdoor shower is a delightful feature adjacent to the swimming pool together with a choice of two separate Gazebo's for

dining and entertaining. Calivigny Harbour Development is centrally located just about 15-20 minutes from the International Airport, downtown St. George's and St. George's University.
