Remarks

Built in 2005, this property is well maintained and sits on a lovely plot of land that is manicured and boasts beautiful tropical flowers. With a partial view of the islands to the North and the gentle sound of the ocean, the property comprises 3 bedrooms, 3 bathrooms and living room area on the upper level that opens out onto a large wrap around veranda and upper deck area. The lower level comprises an open plan kitchen/dining/living room that also opens out onto a wrap around veranda, laundry room and additional room that can be utilized either as an office or fourth bedroom. To the back of the property there is an extra building that is currently used as storage. Mount Rodney sits just outside the quaint town of Sauteurs in the North of the island in the parish of St. Patrick, approximately one and a half hours from the International Airport. Petite Anse Hotel and Restaurant together with the beautiful Prospect beach is within walking distance.
