Remarks

Recently renovated bungalow sitting on a sloped hill overlooking the Prickly Bay Marina in the highly desirable neighborhood of Lance Aux Epines, St. George.

The meticulously crafted home has high ceilings throughout, large windows, and doors to take advantage of the ocean breeze coming over the hill.

The layout is ideal for entertaining guests with a large leisure area attached to the kitchen looking out at the pool deck. The pool and pool deck are one of the main features of this beautiful home, it is enclosed

by the building's structure so it can be viewed from the spacious master-bedroom with an en-suite bathroom and his/her wardrobe, the living and dining room, and the kitchen and leisure area.

The home is completed with an optional office or study area, gym or exercise room, and guest or maid quarters all of which can be converted into full bedrooms.

Shanghal La offers refined Caribbean open-plan living with spectacular and expansive sea views of the ocean-facing southwest. This is an excellent villa to own as a home, a vacation, or an executive rental. It has a strong income history and potential.

Shanghal La is a fully fenced property that you enter through the electronic gates, straight off the main road, with an already constructed security booth.
